Review:

Last Day (First Horn):

Saturday, 1 AM November 27th Solar Year 2280

Saturday, 1 AM Rabi II 3rd Lunar Year 1710

And 13 earth days later:

Day of Reckoning (Second Horn):

Thursday, 5 PM December 09th Solar Year 2280

Thursday, 5 PM Rabi II 15th Lunar Year 1710

Gog and Magog* (First reference)
[18:94] They said, "O Zul-
Qarnain, Gog and Magog are
corruptors of the earth. Can
we pay you to create a barrier
between us and them?"

[94 → 110] = 17

****And Rashad in the footnote Says:***

18:94-98 One of my duties as God's Messenger of the Covenant is to state that Gog and Magog, the final sign before the end of the world, will reappear in 2270 AD (1700 AH), just 10 years before the end. Note that Gog and Magog occur in Suras 18 and 21, precisely 17 verses before the end of each sura, representing 17 lunar centuries (see 72:27 and Appendix 25).

Gog and Magog* (Second reference)

[21:96] Not until Gog and Magog reappear,* will they then return--they will come from every direction.

[96 → 112] = 17

And Rashad in the footnote says:

****21:96 By the year 2270 AD, thanks to God's mathematical miracle in the Quran (Appendix 1), America will be the heart of Islam, and billions around the globe will have believed in the Quran (9:33, 41:53, 48:28, 61:9). Gog and Magog (allegorical names of villainous communities), will be the only bastions of heathenism, and they will attack the submitters. That is when the world will end (15:87, 18:94, Appendix 25). Gog and Magog are mentioned in 18:94 & 21:96, 17 verses before the end of each sura; this may indicate the time of their appearance.***

Appendix 25: *The End Of The World*

..... (Third reference)

6. Gog and Magog: they re-appear, in accordance with God's plan, in the year 1700 AH (2271 AD). Gog and Magog are mentioned in 18:94 and 21:96. If you count the verses from 18:94 to the end of Sura 18, you find them 17. If you count the verses from 21:96 to the end of Sura 21, you find them also 17. This is the Quran's sign that Gog and Magog will re-appear in 1700 AH.

A promotional image for the video game Star Wars Battlefront. In the center, a Stormtrooper stands holding a blaster that is firing a red laser beam. The background is a chaotic battle scene on a planet's surface with explosions, smoke, and various Star Wars vehicles and characters. In the sky, there are X-wing fighters, a TIE fighter, and a Rebel transport ship. The title "STAR WARS BATTLEFRONT" is visible at the bottom center of the image.

Return On The Month Of Muharram!)***

***According to Quran there are 4 Sacred
months (12, 1, 2, 3) in a Lunar year and
they are:***

***They shall be observed by all the
submitters as the time of peace,
tranquility, Hajj ritual observation and
reflection on one God alone.***

****The word of Muharram means “Sacred”
by itself.***

[2:217] They ask you about the Sacred Months and fighting therein: say, "Fighting therein is a sacrilege. However, repelling from the path of GOD and disbelieving in Him and in the sanctity of the Sacred Mosque (Masjid), and evicting its people, are greater sacrileges in the sight of GOD.....

(Mathematics Signifies That Gog & Magog return on the 9th day of Muharram)

In the page right before the sheet of “CONTENTS” of the Quran Translation, Rashad refers to a historical event regarding the clash of Karbala and the decimation of Muhammad’s grandson (Hussein) and his family, It reads as follows:

.....

During the (Quran) re-arrangement process, the scribes who idolized the prophet added two verses at the end of Sura 9, the last sura revealed in Medina. This blasphemous act resulted in a 50-year war between Ali Ibn Abi Taaleb and his supporters on one side and the distorters of the Quran on the other side. The war ended when Hussein Ibn Ali and his family were martyred in Karbala.

.....

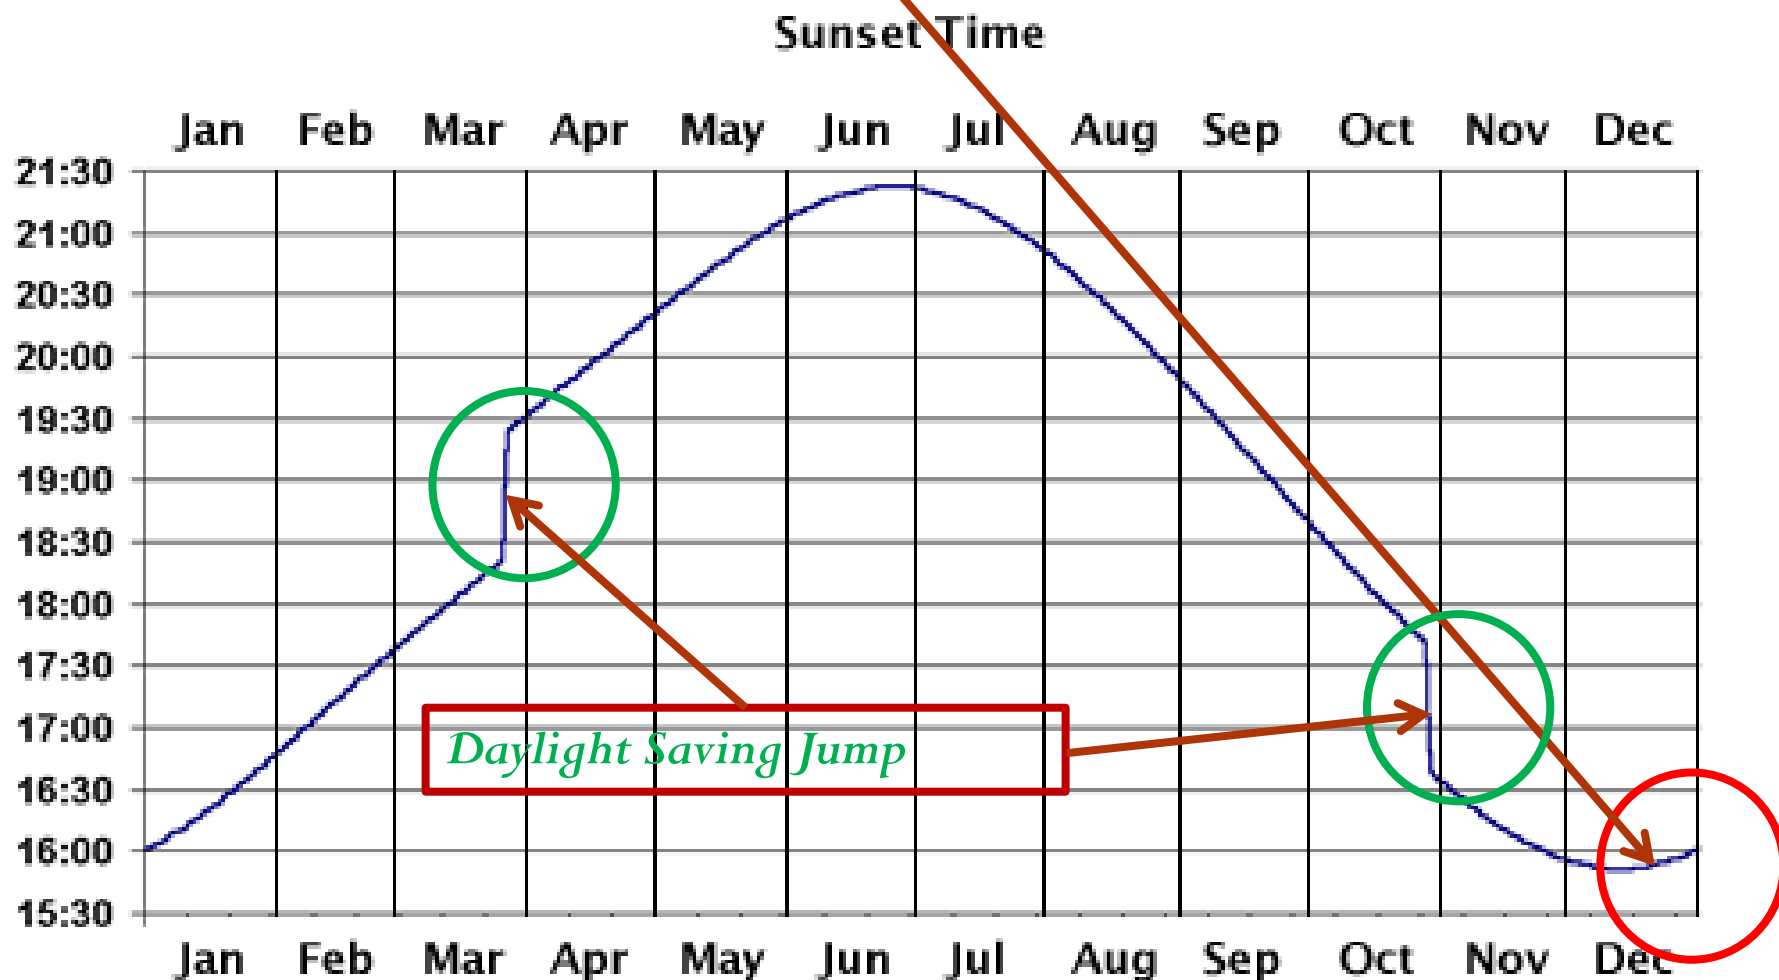

***The date of the onslaught was:
9th of Muharram of the year 61 AH***

***This day is called “Tasua” (9th day)
followed by the day of “Ashura” (10th
day) these are particularly infamous
days among Muslim community and a
day of mourning among Shiia sect.***

***Gog & Magog choosing of this particular
day for their assault is to remind
submitters of that defeat, almost 1700
Lunar years back and their action
confirms their total disbelief in Quran.***

By the way!: $1700 - 61 = 1639[+] = 19 !$

(Calculation signifies that the Hour of the attack is on Friday, Time (9:00 AM in Washington!)

According to Quran Friday is the day of Noon Communal “Juma Prayer” and shall be observed by all the submitters:

Important Commandments to All Believers

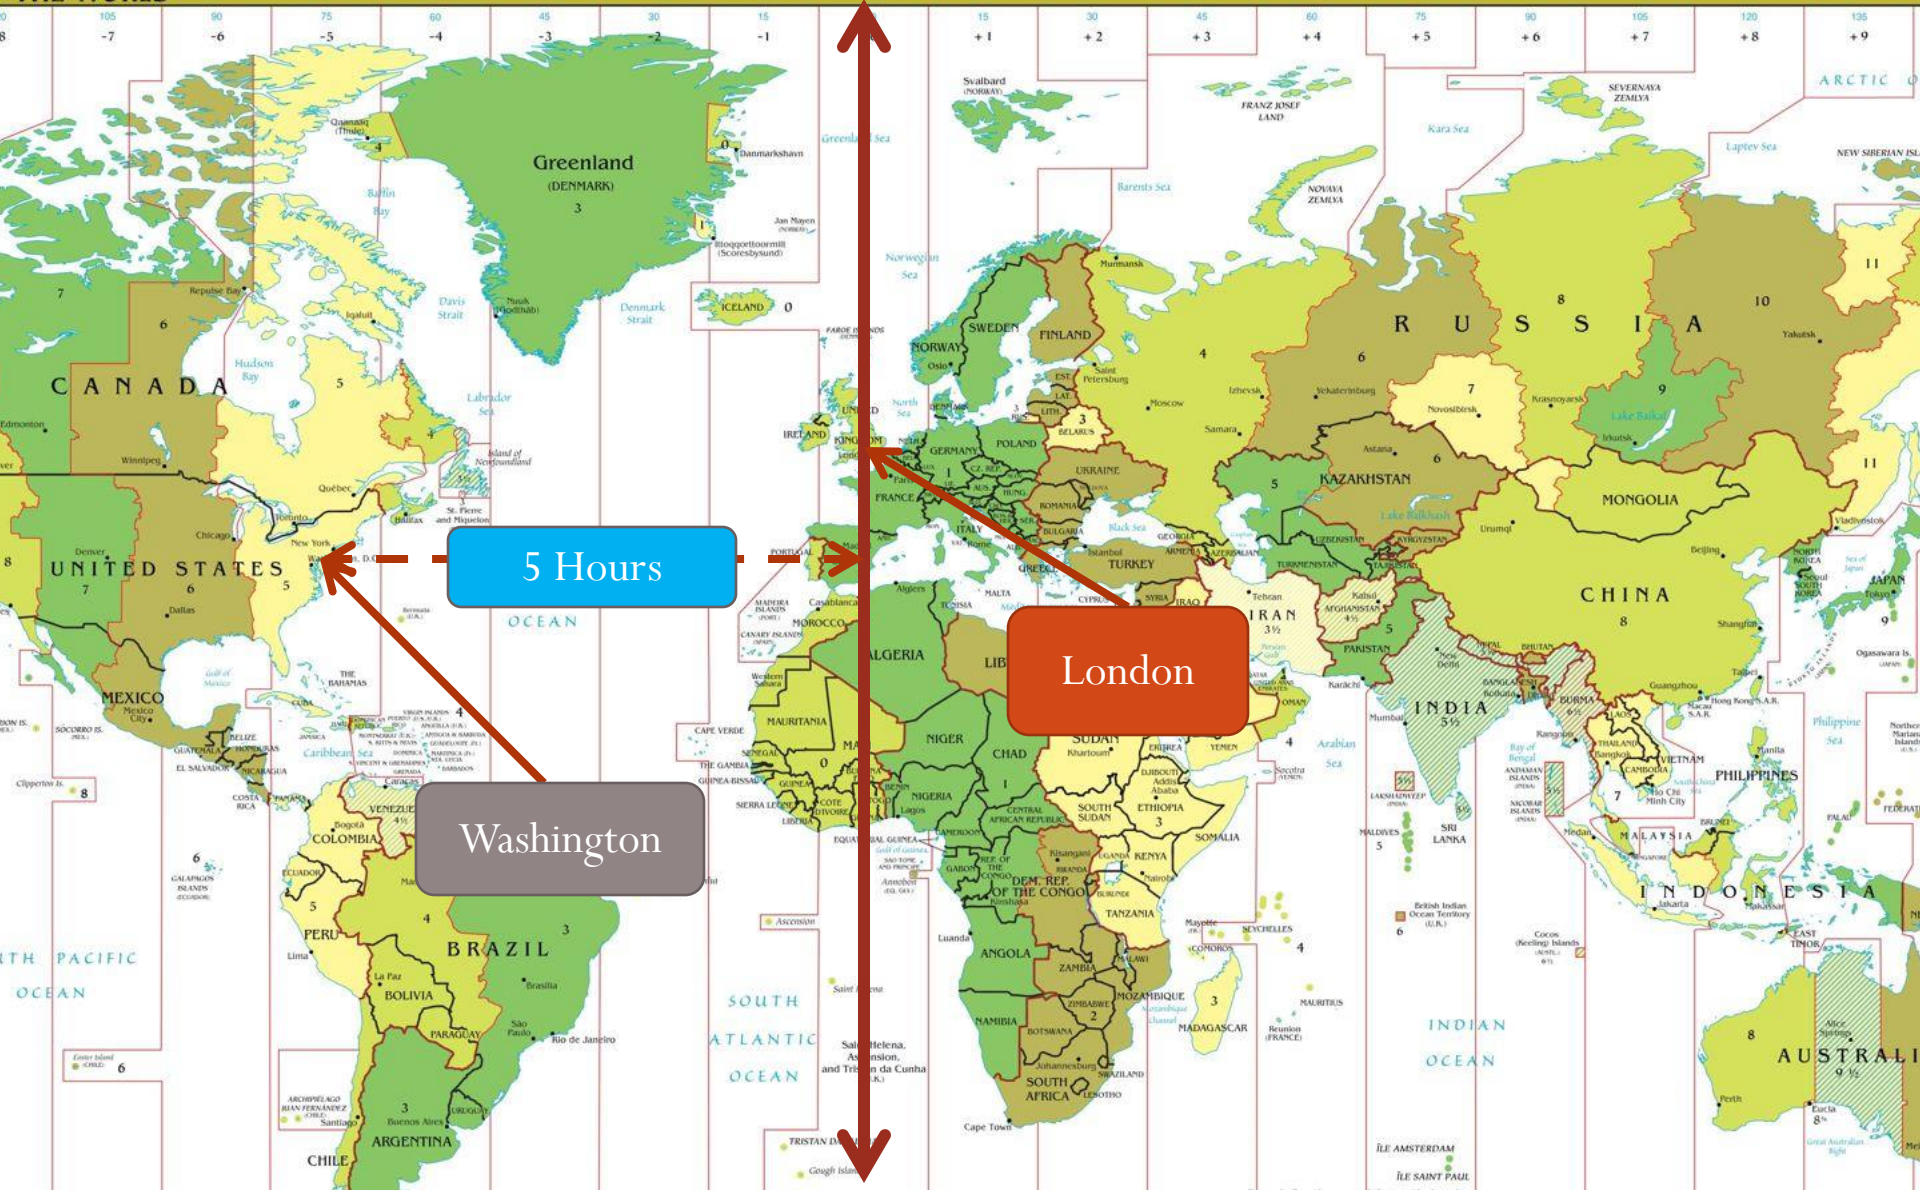

[62:9] O you who believe, when the Congregational Prayer (Salat Al-Jumu'ah) is announced on Friday, you shall hasten to the commemoration of GOD, and drop all business. This is better for you, if you only knew.

And Rashad says in the footnote:

****21:96 By the year 2270 AD, thanks to God's mathematical miracle in the Quran (Appendix 1), America will be the heart of Islam, and billions around the globe will have believed in the Quran (9:33, 41:53, 48:28, 61:9). Gog and Magog (allegorical names of villainous communities), will be the only bastions of heathenism, and they will attack the submitters.***

.....

They attack on Friday since they assume submitters are most vulnerable due to their preparation for communal prayer. Contrary to their state of mind, about 250 years ahead of the time we know about their wicked plan, day and time of their attack. Submitters would be more than ready to defend from their assault!
