What Will Happen After The First Blow

8288

[39:68] The horn will be blown,
whereupon everyone in the heavens and
the earth will be struck unconscious,
except those who will be spared by GOD.
Then it will be blown another time,
whereupon they will all rise up, looking.*

Foot Note for *39:68 from Rashad:

The sequence of events on the Day of Resurrection begins with the symbolic blowing of the horn. The second blowing of the horn--by a creature who was spared from unconsciousness—marks the resurrection of all people; they will be resurrected on today's earth. This earth will then be destroyed by the physical coming of God, then a new earth and new heavens will be created (14:48).
