

The Smoke, A Major Prophecy Aftermath of the strike(3/3)

Questions & Suggestions:
reza.mohazeb@gmail.com

Summer Of 2019
Reza Mohazeb

What would be the obvious aftermath of the Day of Smoke?

- So far, we have determined the most probable date and time of the Smoke prophecy according to the previous methodology we used for the Day of Resurrection and the Return of the Gog&Magog.

The following 2 slides specifies the details of the date and time of the event resulted from our calculations.

“The Day Of Smoke Prophecy” Will Happen on the Following Date

201 Years From The First Date Of This Presentation
On This Year Of 2019

Friday June 16th, Year 2220

And The Hour Would Be 9 PM
16/06/2220

Based On Universal Time Clock (UTC)
(The Zero Longitude Passes Through London, England)

“The Day Of Smoke Prophecy”
Will Happen on the Following Date

The Mentioned Date is Equivalent To:

Juma Dhul-Hajja 13th , Year 1647

**And The Hour Would Be 9 PM
13/12/1647**

**Based On Universal Time Clock (UTC)
(The Zero Longitude Passes Through London, England)**

*[44:10] Therefore, watch for the day when
the sky brings a profound smoke.**

Summary of the predictions in the “Smoke article”

- 1- A massive asteroid will hit somewhere in Middle East.*
- 2- The resulting heat will burn living organisms within a 100-mile radius.*
- 3- Total devastation will envelope the Arab world, main opponents of God, His miracle, and His Messenger of the Covenant (9:97, 3:81, 33:7).*

Summary of the predictions in the “Smoke article”

4-The Quranic prophecy in 44:10-15 will come to pass: A giant dust cloud will envelope the whole world and obscure the sun for a few months.

5- In fulfillment of 17:92, the Arabs will mock and ridicule this prophecy.

See the following page for the above challenge:

Summary of the predictions in the “Smoke article”

God's Messengers Challenged

[17:90] They said, "We will not believe you unless you cause a spring to gush out of the ground.

[17:91] "Or unless you own a garden of date palms and grapes, with rivers running through it.

[17:92] "Or unless you cause masses from the sky, as you claimed, to fall on us. Or unless you bring GOD and the angels before our eyes.

[17:93] "Or unless you own a luxurious mansion, or unless you climb into the sky. Even if you do climb, we will not believe unless you bring a book that we can read."* Say, "Glory be to my Lord. Am I any more than a human messenger?

Aftermath of the “Smoke prophecy?”

Now the Question is what happens after the asteroid strike occurs?

Do we have any information from the Quran and our calculated information to have some prediction about the aftermath of the Smoke event on earth and its inhabitants.

Fortunately, there are several studies and papers that goes through the strike of a possible asteroid and how that changes the climate for the worse for some time on earth.

See the next slide for a few pertinent references from NASA research papers:

Aftermath of the “Smoke prophecy?”

<https://www.nasa.gov/solar-system/asteroid-day-and-impact-craters/>

<https://www.nasa.gov/learning-resources/what-are-asteroids-ages-14-18/>

<https://www.nasa.gov/podcasts/on-a-mission/season-two-episode-2-impact/>

The following is an example of an event
happened 66 million years ago on earth:

The Chicxulub Asteroid Impact and Mass Extinction

The Chicxulub Asteroid Impact and Mass Extinction

The Chicxulub asteroid impact 66 million years ago, a massive 10-15 km wide object hitting Mexico's Yucatán Peninsula, triggered the K-Pg mass extinction, wiping out 75% of Earth's species, including non-avian dinosaurs, via catastrophic environmental collapse, including global wildfires, tsunamis, dust/soot blocking the sun (impact winter), and sulfur aerosols causing acid rain and cooling, leading to ecosystem collapse and a long recovery for life, though some species briefly survived.

What about the “Smoke Prophecy?”

With all we know so far about the impact of an asteroid on earth, shouldn't we expect a similar result depending on the size, speed and angle of the impact of that predicted asteroid that will cause the Day of Smoke Prophecy?

This prophecy is mentioned in Quran chapter 44, with the same name on verses 10 to 16?

According to Quran and verse 11, that asteroid impact will not wipeout life on earth while it will create the expected smoke cloud as an aftermath of such event on the entire earth.

This phenomenon will block the Sun light and disrupts life on earth drastically.

What about the “Smoke Prophecy?”

[44:10] Therefore, watch for the day when the sky brings a profound smoke.*

[44:11] It will envelop the people; this is a painful retribution.

[44:12] "Our Lord, relieve this retribution for us; we are believers."

What about the “Smoke Prophecy?”

This Disaster on the entire earth will shakeup the people to pay attention to their Lord and implore Him for help and relief from this disaster.

On verse 44:12 you can see that people ask their Lord for relief and acknowledge that this is a retribution coming from their Lord (not a natural phenomenon!) due to their disbelief.

On people's prayer (44:12) they promise to believe in their Lord from after seeing this disaster. (a promise that we see in a few verses later that they do not keep!)

What about the “Smoke Prophecy?”

[44:10] Therefore, watch for the day when the sky brings a profound smoke.*

[44:11] It will envelop the people; this is a painful retribution.

[44:12] "Our Lord, relieve this retribution for us; we are believers."

What about the “Smoke Prophecy?”

As we can see in the subtitle and the two next verses of 13 and 14 that God reminds the people that this retribution was prophesized due to the people's disbelief in His Messenger of the Covenant and referring to him with a mocking reference.

On verse 44:13 it says that the people must have to experience the retribution to come to their senses and believe in their Lord.

On verse 44:14 it says that since the appearance of the Messenger of the Covenant, he was not believed by most of the people while they were calling him “well educated, but crazy” to justify their ignorance and disbelief.

What about the “Smoke Prophecy?”

*God's Messenger of the Covenant**

*[44:13] Now that it is too late, they remember!
An enlightening messenger had come to them.**

*[44:14] But they turned away from him, saying,
"Well educated, but crazy!"*

*[44:15] We will relieve the retribution for awhile;
you will soon revert.*

What about the “Smoke Prophecy?”

On Verse 44:15 (highlighted in the next page) a turning point happens and God relieves the retribution.

This relief occurs after the people have experienced the effect of the “Smoke Prophecy” and has gone through the hardship of that retribution.

This relief will cause the people to forget their promises to believe in their Lord and His Messenger of the Covenant and eventually revert to their own way of life as before the retribution.

What about the “Smoke Prophecy?”

*God's Messenger of the Covenant**

*[44:13] Now that it is too late, they remember!
An enlightening messenger had come to them.**

*[44:14] But they turned away from him, saying,
“Well educated, but crazy!”*

*[44:15] We will relieve the retribution for awhile;
you will soon revert.*

*[44:10] Therefore, watch for the day when
the sky brings a profound smoke.**

What about the “Smoke Prophecy?”

Knowing the points mentioned above about verses in the chapter 44 (Smoke) and the resemblance of the concepts mentioned with an expected turn of events for a strike of an asteroid on earth noticed.

The next two events (see next page) of the probability of 12 and above only, here 12 and 14 points of the next immediate 2 events after the “Day of Smoke” is under attention.

The numbers 12 and 14 are also familiar since these were the identifying points for the two prophecies of the “Day of Resurrection” and the “Return of the Gog&Magaog” with a lot more circumstantial clues to support the pinpointing of their Date of occurrences.

14 For End

12 For Start

What about the “Smoke Prophecy?”

Having the Smoke Day Prophecy in mind, one should naturally expect that the collateral damage of such event would linger on earth for some time until people realize that this is a retribution from God and pray for His mercy and forgiveness.

By concentrating on the next one event (12 points) right after the “Day of Smoke” it is suggested that this event is pointing to the start event of Lord accepting people’s prayer to relieve the retribution from the people.

[44:12] "Our Lord, relieve this retribution for us; we are believers."

What about the “Smoke Prophecy?”

Having the Smoke Day Prophecy in mind, one should naturally expect that collateral damage of such event would linger on earth for some time until people realize that this a retribution from God and pray for His mercy and forgiveness.

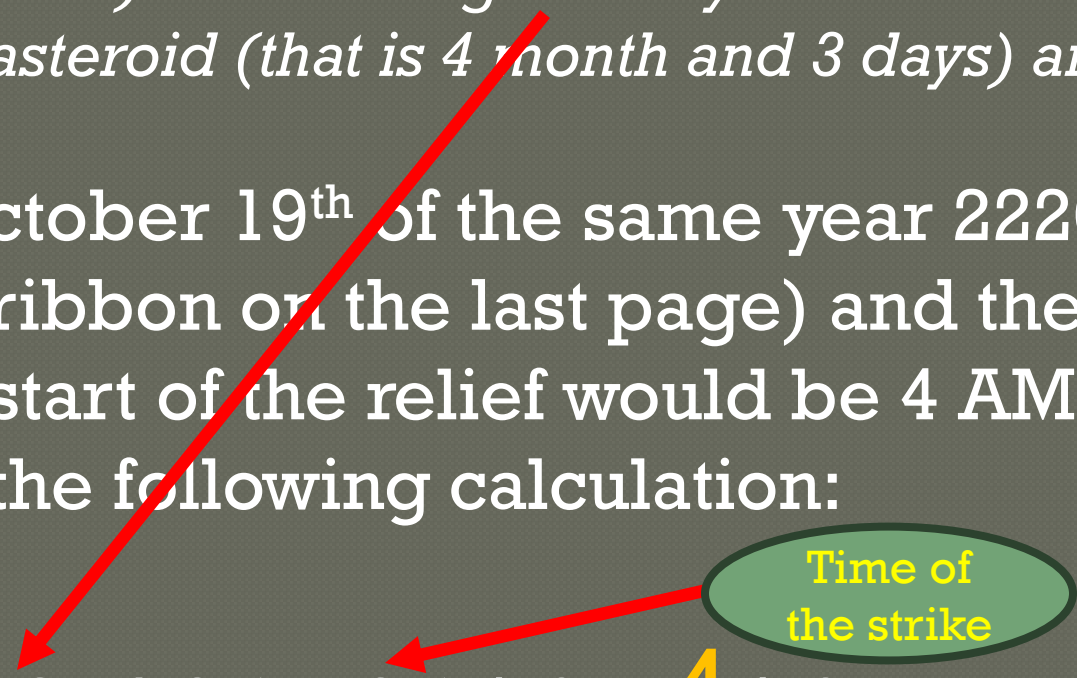

And the next event after that (14 points) is pointing to the end of the saga that started from the “Day of Smoke” and experience of the Lord’s retribution.(see next page)

[44:15] We will relieve the retribution for awhile; you will soon revert.

What about the “Smoke Prophecy?”

According to the list of all day's calculations above, the date for the first turn of events (The worst of the ecosystem state) is occurring 125 days after the strike of the asteroid (that is 4 month and 3 days) and the date is:

October 19th of the same year 2220 (see the blue ribbon on the last page) and the hour for the start of the relief would be 4 AM according to the following calculation:

$$((125 * 24) - 21) / 19 + 4 / 19 = 157$$

What about the “Smoke Prophecy?”

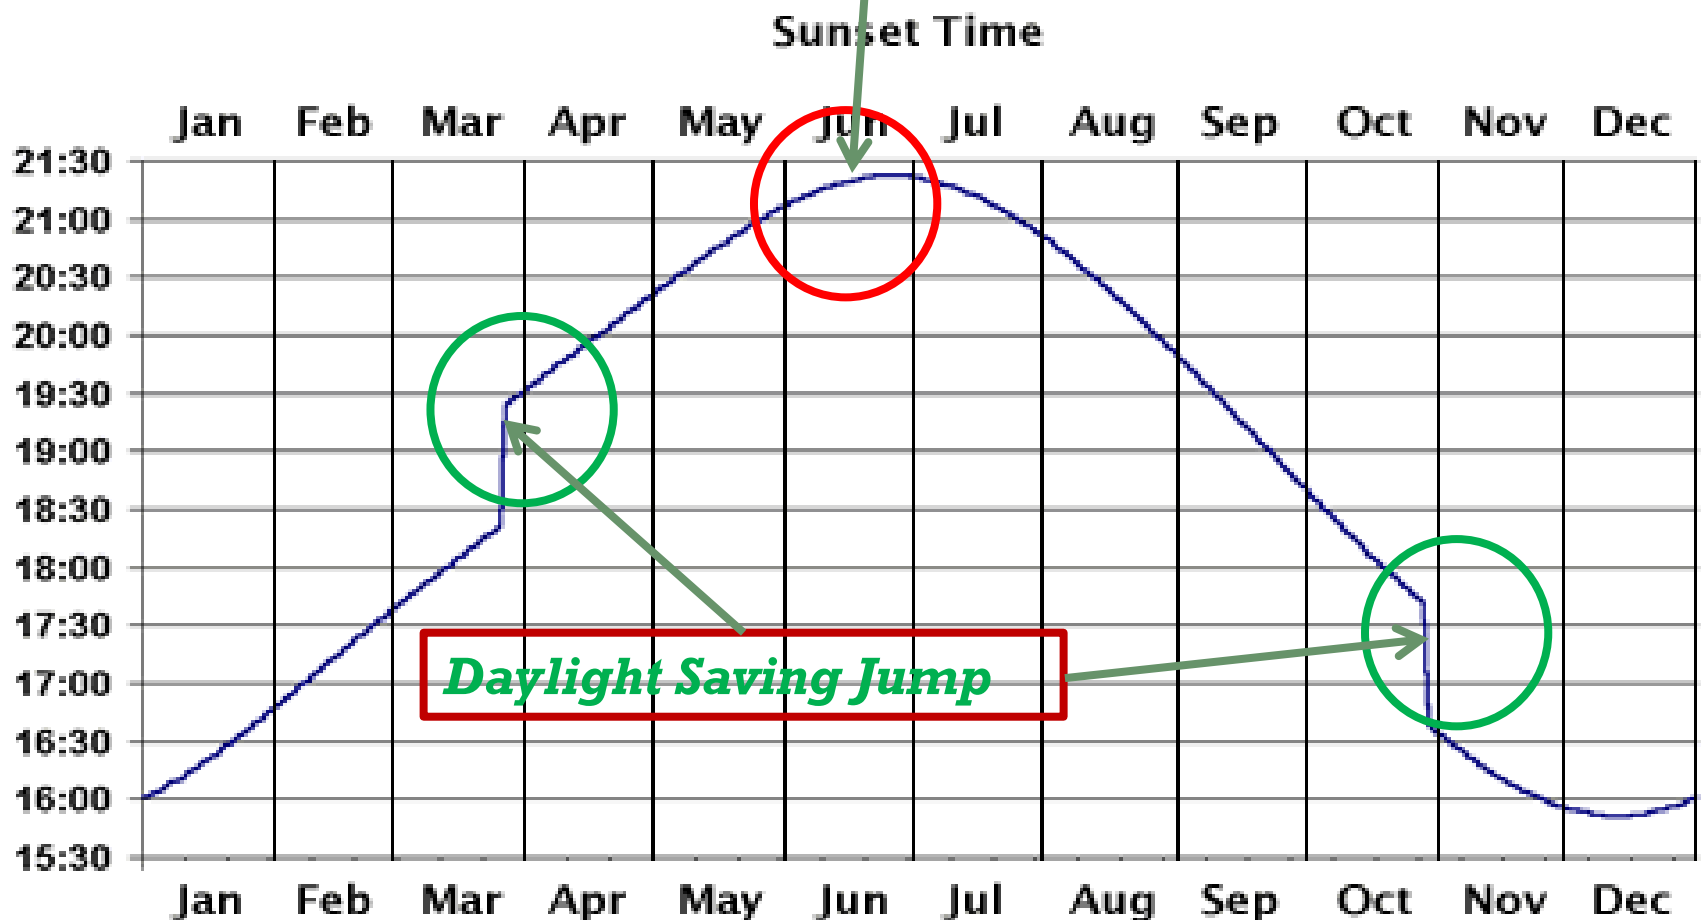

According to the list of all day's calculations above, the date for the second turn of events (The best of the ecosystem state) is occurring 296 days after the strike of the asteroid (that is 9 month and 23 days) and the date is:

April 8th of the next year to the strike, 2221 (see the green ribbon on the second page above) and the hour for the end of the relief (same ecosystem state as before the asteroid strike) would be 4 AM according to the following calculation:

Time of
the strike

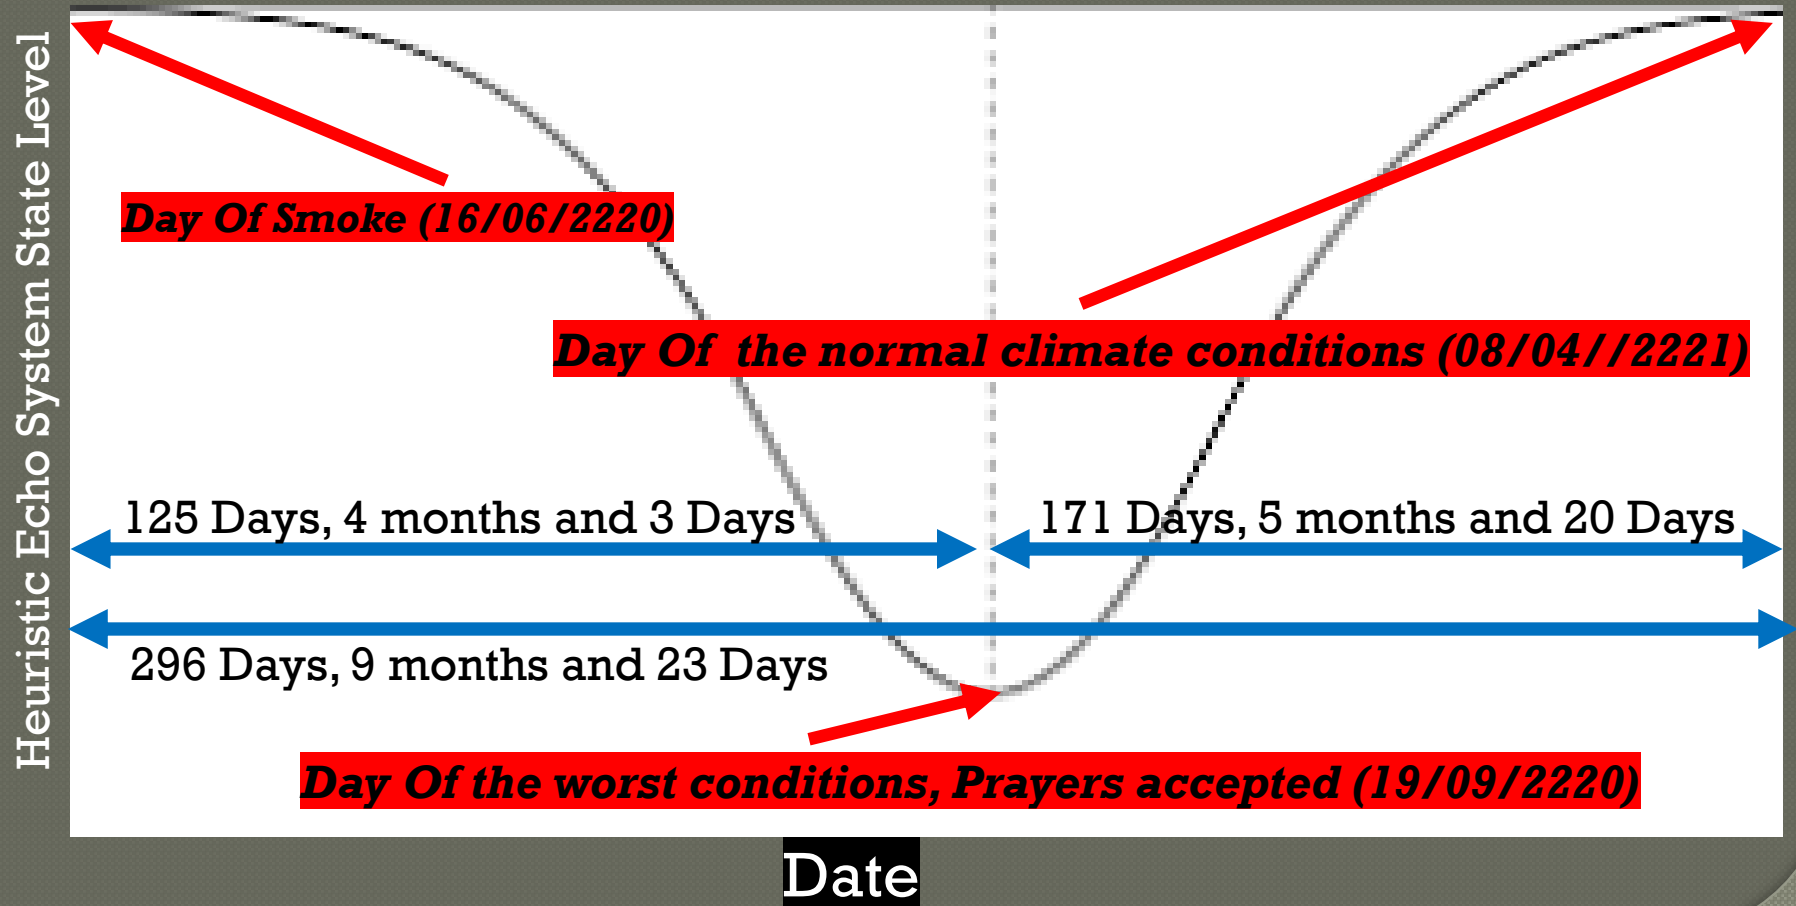

$$((296 * 24) - 21)/19 + 4/19 = 373$$

***London Greenwich Sunset Time in a Year
(Beginning of the Lunar Day (20:25 PM, no daylight
saving) on June 16, Hour Count starts at the next full
hour 21:00 or 9:00 PM)***

The following is a heuristic graph of the ecosystem conditions during this transition from the strike of the asteroid to the end that saga which everything goes back to a normal ecosystem state on earth.

Normal Echo System State Line
