

In the name of God, Most Gracious, Most Merciful

WHY "RASHAD KHALIFA" IS
THE MESSENGER OF THE
COVENANT

Motivation

- The following slides are here to present the reasoning behind the fact that why Rashad Khalifa is the Messenger of the Covenant as Quran refers to this prophecy in chapter 3 verse 81 and chapter 33 verse 7.
- There would be a collection of all the evidences and related information to this prophecy and most likely more bullet point events will be added at a later time as we collect and or discover pertinent information to this astonishing phenomenon.

Motivation

- The mathematical miracle of the Quran was discovered by this gentleman in 1974 as he started to translate the Quran from Arabic to English.
- By discovering the Quran's mathematical miracle, almost all the evidences and proofs presented in this article and elsewhere in this site are expressed in mathematical formulas that has a Dividend and the number 19 as a constant Divisor with zero remainder.
- The name of the discoverer of the code (The hidden secret) in 1974 AD is Rashad Khalifa and that name is expressed in three Gematrical forms: 505 first name only, 1230 first name plus last name and 505725 first name and last name side by side (concatenated).

Major Prophecy Fulfilled* God's Messenger of the Covenant

[3:81] GOD took a covenant from the prophets, saying, "I will give you the scripture and wisdom. Afterwards, a messenger will come to confirm all existing scriptures. You shall believe in him and support him." He said, "Do you agree with this, and pledge to fulfill this covenant?" They said, "We agree." He said, "You have thus borne witness, and I bear witness along with you."

Major Prophecy Fulfilled* God's Messenger of the Covenant

3:81 This major prophecy has now been fulfilled. God's Messenger of the Covenant, as prophesied in this verse and in the Bible's Malachi 3:1-21, Luke 17:22-36, & Matthew 24:27 is to purify and unify God's messages which were delivered by God's prophets. Judaism, Christianity, Islam, Hinduism, Buddhism, etc. have been severely corrupted. It is the will of Almighty God to purify them and unify them under the banner of worshiping Him alone. Overwhelming evidence has been provided by God in support of His Messenger of the Covenant, whose name is incontrovertibly specified in the Quran's mathematical code as "Rashad Khalifa." For example, adding the gematrical value of "Rashad" (505), plus the value of "Khalifa" (725), plus the verse number (81) gives 1311, or 19×69 (see Appendix 2 for the detailed evidence).

Mathematical support for the verse 3:81 and its content:

- 1- The Gem value for the entire verse 3:81 is 13148 and that is $13148 = 19 * 692$ and he is one who discovered the code.
- 2- The Gem value for the phrase "...a messenger will come to confirm all existing scriptures." is equal 836 and $836 = 19 * 44$.
- 3- Consider this and the following equations that interrelates the name of the messenger with the content and order of the verse 3:81: $505 + 3 + 81 = 589 = 19 * 31$.
- 4- How about this one: $505 \ 3 \ 81 = 19 * 26599$.
- 5- $505 + 3 + 81 + 13148 = 13737 = 19 * 723$.
- 6- $505 \ 3 \ 81 \ 13148 = 19 * 265...629$.
- 7- $13148 \ 505 \ 3 \ 81 = 19 * 692...599$.

Mathematical support for the verse 3:81 and its content:

8- The Gem value for the word “messenger” (رسول) is 296 and the word “covenant” (ميثق) is 650 and the followings are true:

9- $296 + 650 = 946[+] = 19$. (digits summation)

10- $3\ 81\ 505725\ 946 = 19^* 200..734$.

11- The Gem value for the phrase “the messenger” (الرسول) is 327 and in combination with the name of the messenger of the covenant is $327\ 1230 = 19^* 172170$.

Muhammad Pledges to Support God's Messenger of the Covenant*

[33:7] Recall that we took from the prophets their covenant, including you (O Muhammad), Noah, Abraham, Moses, and Jesus the son of Mary. We took from them a solemn pledge.*

[33:8] Subsequently, He will surely question the truthful about their truthfulness, and has prepared for the disbelievers (in this Quranic fact) a painful retribution.

Muhammad Pledges to Support God's Messenger of the Covenant*

****33:7 The covenant is detailed in 3:81. God took a covenant from the prophets that they shall support His Messenger of the Covenant who would come after Muhammad to purify and unify their messages. The Covenant was made before the earth's creation, and was fulfilled in Mecca Zul-Hijja 3, 1391 (Jan. 20, 1972, is correct). The sum of the Islamic month (12), plus the day (3), plus the year (1391) gives 1406, 19×74 . Overwhelming proof identifying God's Messenger of the Covenant as Rashad Khalifa is provided throughout the Quran (Appendices 2 & 26).***

Mathematical support for the verse 33:7 and its content:

- 1- The Gem value for Rashad Khlifa = 1230 and this equation holds $1230\ 33\ 7[+] = 19$.**
- 2- The Gem value for Rashad Khalifa = 505 725 and this equation holds $505\ 725\ 33\ 7 = 19^* 266...123$.**
- 3- Let's consider the Gem value for the verse 33:7 Gem = 8233 and $33 + 7 + 8233 + 505 = 8778 = 19^* 462$.**
- 4- Verse 33:7 is 76 letters and $76 = 19^* 4$**
- 5- Considering verses 3:81 and 33:7, this equation is correct: $3\ 81\ 33\ 7\ 505 = 19^* 200...395$.**
- 6- Also, this: $1230\ 33\ 7\ 3\ 81 = 19^* 647... 599$**
- 7- Let's check the date of the prophecy that is: $12 + 03 + 1391 = 1406 = 19^* 74$, and he is the one whom he discovered the hidden code in 1974 on chapter 74 and specifies the importance of code 19 in verses 74:30-35**

Mathematical support for the verse 33:7 and its content:

- 1- The correct equivalent solar date for the date of prophecy 12/03/1391 lunar is 01/20/1972 and the following is correct: $20 + 01 + 1972 + 505725 = 507718 = 19^* 26722[+] = 19$.
- 2- $20 + 01 + 1972 + 33 + 7 = 2033 = 19^* 107$.
- 3- The year of the prophecy is $1972[+] = 19$.
- 4- The total days from the date of the prophecy 01/20/1972 to the date of the first Horn 11/27/2280 is 112808 and $112808 + 505725 = 19^* 593...775$.
- 5- Also, consider this $112808 + 1230 = 114038 = 19^* 6002$
- 6- Verse and the solar year of the prophecy and the name 33 7 20 01 1972 1230 = $19^* 177...170$.
- 7- Solar year, Lunar year and the name: 20 01 1972 03 12 1391 505 = $19^* 200...395$

Mathematical support for the verse 33:7 and its content:

8- Lunar year, Solar year and the name: 03 12 1391 20 01 1972 1230 = **19*** 164...170.

9- Considering the date of the prophecy (20/01/1972) and the date of the Messenger of the Covenant martyrdom (31/01/1990) there are 18 years and 11 days, so he passed at the 19th year of his messengership.

10- Let's consider the prophets names Gem value mentioned in the verse including "You" for Mohammad in the same order and we get this: 92 64 258 116 493 505725 33 7 = **19*** 487...123.

Let's us consider verse 3:81 also and we get this: 92 64 258 116 493 3 81 33 7 505 = **19*** 487...395

Mathematical support for the verse 33:7 and its content:

11- Chapter number, Verse number, Gematrical for the name of the messenger, Solar year and then Lunar year for the prophecy of appearance of the Messenger of the Covenant:

$$33\ 7\ 1230\ 20\ 01\ 1972\ 03\ 12\ 1391 = 19^* 177...389.$$

Some facts about the person Rashad Khalifa:

- 1- He was born on November 19th and that is 323 calendar days from the start of the year and $323 = 19 * 17$
- 2- His birthday date elements plus his name is as follows: $19 + 11 + 1935 + 505 = 2470 = 19 * 130$
- 3- The equal Lunar date for his birthdate is 22/07/1354 and the equation $505\ 725\ 22\ 07\ 1354 = 19 * 266...966$.
- 4- The equal Lunar date for his birthdate is 22/07/1354 and the equation $22\ 07\ 1354\ 1230 = 19 * 116...170$
- 5- The date of his martyrdom was 31/01/1990 and that is a multiple of 19: $31\ 01\ 1990 = 19 * 1230 * 1327$, note his combined name 1230 shows up in the division outcome.
- 6- The address to his original masjid was 739 East 6th St. and $7 + 3 + 9 = 19$.

Some facts about the person Rashad Khalifa:

7- The phone number he was using in his videos is as follows: 602 791 3989 = **19*** 317...631

8- The count of days of his life from his birthdate to his last day is 19798 = **19*** 1042.

9- The following equation expresses the birthdate and his final date of departure also holds true:

19 11 1935 31 01 1990 505 = **19*** 100...392.

10- The three forms of Rashad Khalifa's names gematrical values generate the following equation:

505725 1230 505 = **19*** 266...395

11- The count of the Rashad's first name in Arabic letters in chapter 19th of the Quran are:(167 for 'ر'), (35 for 'ش'), (688 for 'ل') and (98 for 'د') and

167+ 35+ 688+ 98 = 988 = **19*** 52

Some facts about the person Rashad Khalifa:

12- The count of the Rashad's last name in Arabic letters in chapter 19th of the Quran are:(31 for 'خ'), (385 for 'ج'), (342 for 'ي'), (75 for 'ف') and (174 for 'ة') and

$$31 + 385 + 342 + 75 + 174 = 1007 = 19 * 53$$

13- Pay attention to the order of the outputs in 11 and 12 that are in sequence for the name and last name!

13- If we write the letter counts in 11 and 12 above for the first name and last name and then the gematrical for the name Rashad we get this equation:

$$167 \ 35 \ 688 \ 98 \ 31 \ 385 \ 342 \ 75 \ 174 \ 505 = 19 * 880...395$$

Some facts about the person Rashad Khalifa:

14- If we write the letter counts in 11 and 12 above for the first name and then the gematrical value for Rashad Khalifa (505725) and then the last name letter counts we get this equation:

167 35 688 98 505725 31 385 342 75 174 = 19* 880...746

15- If we count the verses of the Quran from the beginning and only in the initiated chapters, the first verse of chapter 19 is the number 1230, and this number is the same as the combined form of Rashad Khalifa's name.

Some facts about the person Rashad Khalifa:

16- The first verse of chapter 19 of the Quran carries the maximum number of initials in one verse in Quran and Rashad is the person who discovered the significance of the initials in authenticating the Quran as God's authorship.

17- The count of the five initials in first verse of chapter 19 are as follows: (137 'ك'), (175 'ه'), (343 'ي'), (117 'ع') and (26 'ص') and they add up as follows:

$$137 + 175 + 343 + 117 + 26 = 798 = \mathbf{19}^* 42$$

If we put the chapter number 19 before the above number of 798 that generates the number of days that the messenger of the covenant lived from his birthdate to his last day on earth! $19 \times 798 = \mathbf{19}^* 1042$

Some facts about the person Rashad Khalifa:

18- The outcome of the division of the above fact is 1024 and it is the count of verses in only initiated chapters from the start of the Quran and that leads to the verse 13:7 that is $57=19*3$ letters and its Gem = 3609. Let's see what that verse is talking about:

[13:7] Those who disbelieved say, "If only a miracle could come down to him from his Lord (we will then believe)." You are simply a warner--every community receives a guiding teacher.

And see these equations:

$$13\ 7\ 1230 = 19^* 72170$$

$$13\ 7\ 3609\ 1230 = 19^* 722...170$$

Some facts about the person Rashad Khalifa:

19- The date of his martyrdom is divisible by number 19 and the outcome is also divisible by the gematrical value of his name (1230). Additionally, the number is also divisible by 1327 that is the count of the last verse in chapter 19 if we count the verses of the Quran in only initiated chapters from the start of the Quran.

$$31\ 01\ 1990 = 19^* 1230^* 1327$$
