Rashad Khalifa (Smoke Article)

Submitter Perspective (March 1990)

- Rashad wrote in a short article titled:

- *“HERE IS WHAT WILL
HAPPEN TO THE DISBELIVERS”*

- He essentially predicted that the prophecy of Quran (Day Of Smoke) mentioned in 44:10 to 16 will happen with the strike of an asteroid to earth.
- This article published in Submitter Perspective in March 1990 about 2 month after his passing!

*[44:10] Therefore, watch for the day when
the sky brings a profound smoke.**

Rashad Khalifa (Smoke Article)

Submitter Perspective (March 1990)

- In that article he wrote as follows:
- *Mark My Words:*
- *“A massive asteroid will hit somewhere in Middle East”....*
- *...”Scientists – astronomers – know that such a disaster can happen when an asteroid hits the earth, During 1989, the earth experienced a near-miss with a huge asteroid. That was God’s warning to the disbelievers”....*
- *This incident turned out to be a major shock and a wakeup call for the scientific community as well!*

Rashad Khalifa was referring to this asteroid:

(4581) Asteroid Asclepius (a-SKLEE-pee-as) (1989 FC)

* Asclepius is named after the Greek demigod of medicine and healing!

* Asteroid passed by the Earth Orbit on 22-03-1989!

⦿ $22 + 03 + 1989 = 2014 = 19 * 106$

⦿ $22 \quad 03 \quad 1989 \quad 505 = 19 * 115..395$

* *One week later!? (No Real-time Observation) The asteroid was discovered at (Caltech) Palomar observatory in San Diego county on March 31, 1989 by H. E. Holt and N. G. Thomas.*

* *The size of the asteroid was about 984 feet in diameter and that is 300 meters. (Boeing 747 is 250 feet in length)*

* *The speed of the asteroid was about 6000 miles per hour.*

Asteroid Asclepius (1989 FC)

- * the close pass received attention at that time, especially since the asteroid passed through the exact position of Earth only six hours earlier!
- * "On the cosmic scale of things, **that was a close call**," said Dr. Henry Holt. Geophysicists estimate that collision with 1989 FC would release energy comparable to the explosion of a 600 megaton atomic bomb. The asteroid was discovered 31 of March 1989, nine days after its closest approach to the Earth.

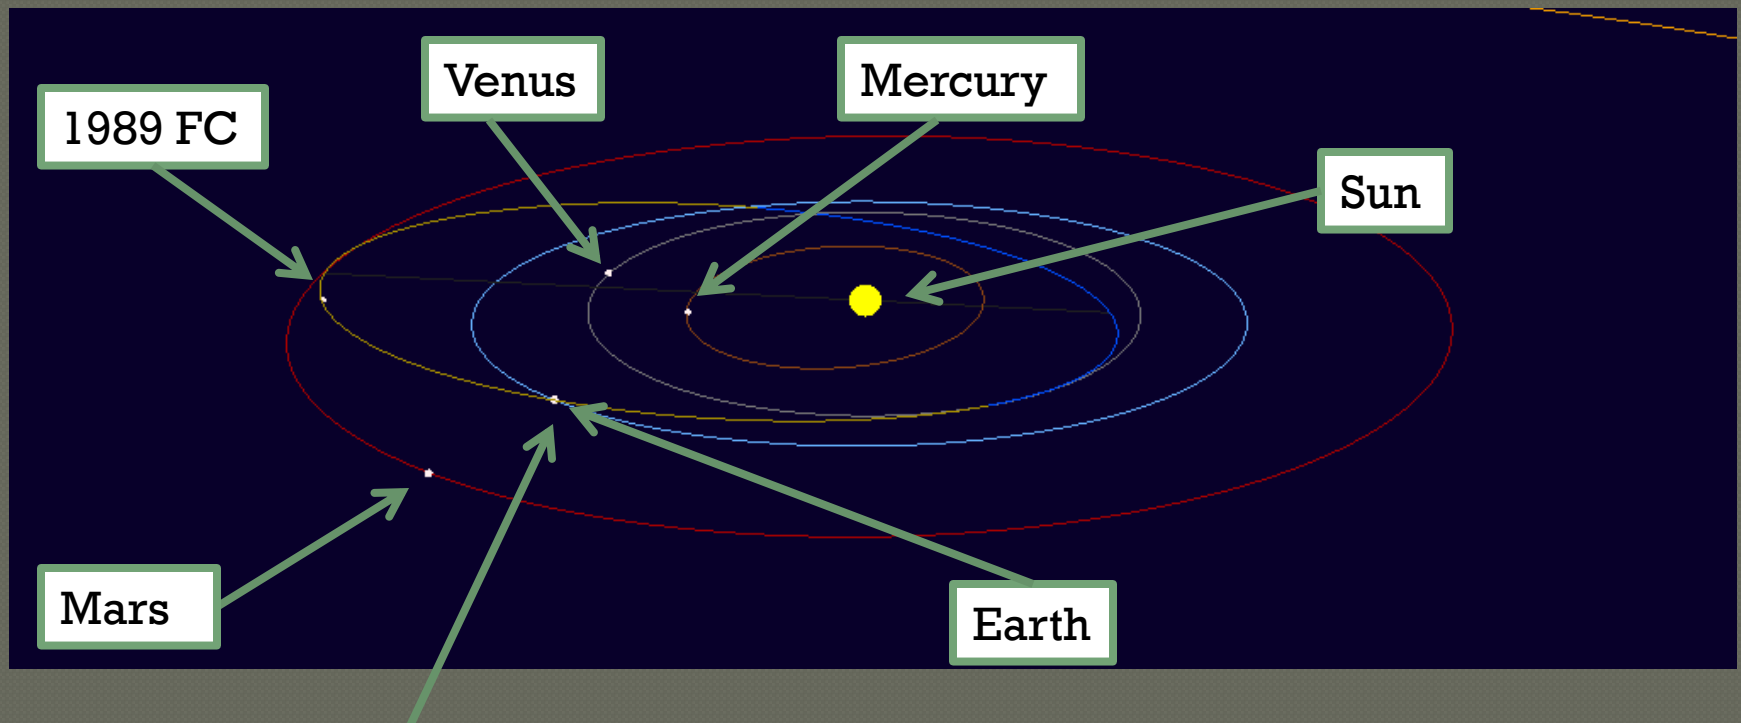

Asteroid Asclepius (1989 FC)

- * 600 megaton bomb is 40,000 times the Hiroshima bomb exploded in Japan on 1945[+]=19. (End of WW2)
- * It was an assistant in the Shoemaker program who, in 1989, discovered the Asteroid, which at a distance of only 430 thousand miles came closer than any known asteroid since the “Lost Hermes”. (Asteroid that hit the earth 65 million years ago and wiped-out dinosaurs)
- * There was the particular worry that 1989 FC had actually made its pass a week before it was discovered!
and that was because it came at us from the direction of the sun.

Proximity of Asclepius, 1989 FC to Earth

Interactive Orbit Sketch (WebGL)

The Plant Earth Was Really in Danger

A collision would have happened if Earth was in this location 6 hours earlier!

Asteroid Asclepius (1989 FC)

- * Subsequent discoveries revealed that a whole class of such objects exists. Close approaches by objects the size of 1989 FC, pass by Earth every two or three years, undetected until the start of computerized Near-Earth Object searches program.
- * Center for Near Earth Objects Studies (CNEOS), is the name of a group at NASA JPL that is specialized in search for asteroids and comets orbiting the sun and close to earth.
- * Formed and funded after scientific community 1989 shocking discovery of 1989 FC asteroid!

Quran and Smoke Prophecy

- ◉ [44:9] Indeed, they are doubtful, heedless.

Smoke: The major Prophecy

- ◉ [44:10] Therefore, watch for the day when the sky brings a profound smoke.*
- ◉ [44:11] It will envelop the people; this is a painful retribution.
- ◉ [44:12] "Our Lord, relieve this retribution for us; we are believers."

Quran and Smoke Prophecy

God's Messenger of the Covenant*

- [44:13] Now that it is too late, they remember! An enlightening messenger had come to them.*
- [44:14] But they turned away from him, saying, "Well educated, but crazy!"
- [44:15] We will relieve the retribution for awhile; you will soon revert.
- [44:16] The day we strike the big stroke, we will avenge. (Verses 10 to 16 total Gem = 14075)

God's Messengers Challenged

[17:90] They said, "We will not believe you unless you cause a spring to gush out of the ground.

[17:91] "Or unless you own a garden of date palms and grapes, with rivers running through it.

[17:92] "Or unless you cause masses from the sky, as you claimed, to fall on us. Or unless you bring GOD and the angels before our eyes. 17 92[+] = 19

Mohammedans Challenge God and Produce Hadith

.....

[52:44] When they see masses falling from the sky, they will say, "Piled clouds!"

[52:45] Disregard them until they meet the day in which they are struck.

[52:46] On that day, their schemes will not protect them, nor will they be helped.

[52:47] Those who transgress suffer retribution here, but most of them do not know. (A Possible referral to the Day Of Smoke)

.....

Quote(1) from the Smoke article:

.....Also, we learn from several verses in the Quran that a divinely authorized retribution of this magnitude comes to pass ONLY and soon after the sending of God's messenger (17:15).....

[17:15] Whoever is guided, is guided for his own good, and whoever goes astray does so to his own detriment. No sinner will bear the sins of anyone else. We never punish without first sending a messenger.

$$17 \ 15 \ 505725 = 19 * 902..775$$

$$17 \ 15 \ 505725 \ [+]= 38 = 19 * 2$$

Quote(2)from the Smoke article:

....The proofs are abundant that the messenger referred to in 44:13 is God's Messenger of the Covenant:

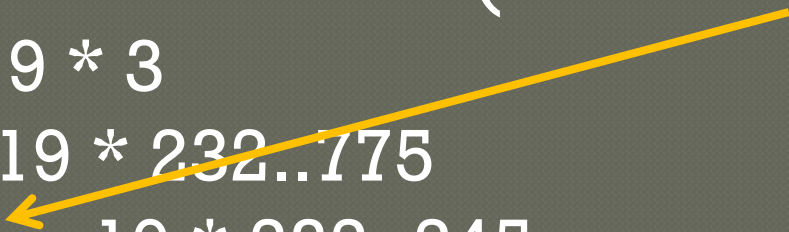

1.By adding the sura number (44) plus the verse number (13), we get 57, 19x3....

God's Messenger of the Covenant*

[44:13] Now that it is too late, they remember! An enlightening messenger had come to them.* (Gem = 1655)

$$44 + 13 = 57 = 19 * 3$$

$$44 \ 13 \ 505725 = 19 * 232..775$$

$$44 \ 13 \ 1230 \ 1655 = 19 * 232..245$$

Quote (3) from the Smoke article:

....

2. The sum of sura numbers plus the number of verses from the beginning of the Quran to **44:13**, is 5415, or $19 \times 19 \times 15$

Sum of the Suras, including sura 44:

$$1+2+3+\dots+44 = 990$$

Verse order of 44:13 from the start of Quran is: **4425**

$$990 + 4425 = 5415 = 19 * 19 * 15$$

Quote(4) from the Smoke article:

....

3. In the same verse (44:13) the word “Zikrā ” ذكری used is exactly the same word used to describe the Quran’s 19-based miracle (74:31). This powerful correlation links the Smoke with God’s miracle and God’s Messenger of the Covenant....

See Next Slide.....

Verse referred to in the Smoke article:

[74:31] We appointed angels to be guardians of Hell, and we assigned their number (19)

- (1) to disturb the disbelievers,
- (2) to convince the Christians and Jews (that this is a divine scripture),
- (3) to strengthen the faith of the faithful,
- (4) to remove all traces of doubt from the hearts of Christians, Jews, as well as the believers, and
- (5) to expose those who harbor doubt in their hearts, and the disbelievers; they will say, "What did GOD mean by this allegory?" GOD thus sends astray whomever He wills, and guides whomever He wills. None knows the soldiers of your Lord except He. This is a reminder for the people.

Quote (5) from the Smoke article:

....

4. The description of the messenger by his adversaries as “Well educated, but crazy” (44:14) has already been uttered by today’s disbelievers in reference to Rashad Khalifa.

[44:14] But they turned away from him, saying, "Well educated, but crazy!" (Gem=1581)

$$44 + 14 + 1230 + 1581 = 2869 = 19 * 151$$

$$44 \ 14 \ 1230 \ 1581 = 19 * 232..399$$

$$44 \ 14 \ 1230 \ [+] = 19$$

The Specific Verses Related To The “Smoke Prophecy”:

Sura 44 verses 10 to 16

$$10 + 11 \dots + 16 = 91$$

Sura 44 verses 10 to 16 total Gem = 14075

The following equations also correlates Rashad
with the Smoke Prophecy in sura 44:

$$44 \ 91 \ 505 = 19 * 236,395$$

$$505725 + 44 + 91 + 14075 = 519,935 = 19 * 27,365$$

$$505725 \ 44 \ 91 = 19 * 266..289$$

Summary of the predictions in the “Smoke article”

- 1- A massive asteroid will hit somewhere in Middle East.*
- 2- The resulting heat will burn living organisms within a 100 mile radius.*
- 3- Total devastation will envelope the Arab world, main opponents of God, His miracle, and His Messenger of the Covenant (9:97, 3:81, 33:7).*

Summary of the predictions in the “Smoke article”

4-The Quranic prophecy in 44:10-15 will come to pass: A giant dust cloud will envelope the whole world and obscure the sun for a few months.

5- In fulfillment of 17:92, the Arabs will mock and ridicule this prophecy.

6- When will this happen? I do not know when; but I have a strong feeling that this will take place before the end of 1990. Only God knows the exact time.

So what has happened to the “Smoke prophecy?”

Off Course the Prophecy as the Quran refers to it as a global disaster did not happen as suggested and we have no solid proof that the Smoke Prophecy has occurred since 1990 either.

The Smoke: A Major Prophecy*

[44:10] Therefore, watch for the day when the sky brings a profound smoke.*

[44:11] It will envelop the people; this is a painful retribution.

[44:12] "Our Lord, relieve this retribution for us; we are believers."

What do we know so far about “Smoke Prophecy?”

- 1- We know that a massive asteroid will hit the earth and causes a major disaster.*
- 2- The asteroid strike will generate a major plume of smoke that will envelop the entire earth.*
- 3- God will relieve the painful retribution after a while.*
- 4- This happens as a reminder for the disbelievers.*
- 5- Unlike the other two prophecies of the “End Of The World” and “The Return Of The Gog & Magog” there are almost no specific guiding clues for the date range of the Smoke Prophecy.*

Can we calculate the date of the “Smoke Prophecy?”

*For the “**End Of the World**” prophecy the overlap of the year 2280 solar and the year 1710 lunar was suggested by the Messenger of the Covenant and that was the pivotal bases for the calculation of the time and date of the prophecy that are as follows:*

(see Quran, the related footnotes and appendix 25)

First Horn :

Saturday 1 AM, November 27 of the year 2280 solar

As Sabat 1 AM, Rabi-al Thani 3 of the year 1710 lunar

Second Horn :

Thursday 17 PM, December 09 of the year 2280 solar

Al kha mis 17 PM, Rabi-al Thani 15 of the year 1710 lunar

Note: All times and dates are based on Greenwich Universal Time (UTC)

Can we calculate the date of the “Smoke Prophecy?”

For the “Return Of the God & Magog” the year 2270 (1700 lunar) was suggested as the beginning of the war and the end of the warfare on the year 2271 (1700 lunar) by the Messenger of the Covenant and that was the foundation for the calculation of the Time and Date of the Prophecy that is as follows: (see Quran, related footnotes and appendix 25)

Start Of the War:

Friday 14 PM, December 23 of the year 2270 solar

Al jum ah 14 PM, Muhharam 09 of the year 1700 lunar

End Of the War:

Wednesday 14 PM, January 11 of the year 2271 solar

Al ar ba a' 14 PM, Muhharam 28 of the year 1700 lunar

Note: All times and dates are based on Greenwich Universal Time (UTC)

Can we calculate the date of the “Smoke Prophecy?”

For the “Smoke Prophecy” no such clues similar to date span/overlap are hinted on.

We only know that the prophecy is going to happen after the coming of the well educated “Messenger of the Covenant”.

Due to the nature of the Smoke Prophecy it shall happen in one day only (asteroid strike) while the ramification of such disaster will linger on the entire earth for a while as Quran is suggesting.

(see Quran, the related footnotes and appendix 25)

*[44:10] Therefore, watch for the day when
the sky brings a profound smoke.**

Can we calculate the date of the “Smoke Prophecy?”

The above mentioned will open a date range of about 280 years from the passing date of the “Messenger of the Covenant” in early 1990 to just before the Prophecy date of the “Return of the Gog & Magog” in the late 2270 (1700 lunar).

*The candidate date for the Smoke Prophecy shall be God Willing discovered in more than hundred thousand days! ($280 * 365 = 102,200$)*

The final result is not solidly identified yet at this time.

Can we calculate the date of the “Smoke Prophecy?”

My hunch is the already left behind information from the Messenger of the Covenant and resulting calculations for the other two prophecies shall help identifying the “Smoke Prophecy” day as well.

Statically, several viable days are anticipated to be the result of this computational research.

In that situation, that unique day for the “Smoke prophecy” needs to be identified according to additional circumstantial signs and information.

Can we calculate the date of the “Smoke Prophecy?”

God Willing

The research effort on this subject is in progress.

By next year around this time a concrete answer for the date and time of the “Smoke Prophecy” will be identified.

Participate in the Tucson Arizona Submitter Conference next year (2019) for a promising answer to this last unknown “Smoke Prophecy” Date and Time.

*[44:10] Therefore, watch for the day when
the sky brings a profound smoke.**

GOD BLESS YOU
The End ☺
